To the best of my knowledge, the questions on this form have been accurately answered. I understand that providing incorrect information can be dangerous to my (or patient's) health. I understand it is my responsibility to inform Dental Oasis of Clayton of any changes to the information listed above.

Date: _____

Signature of Patient/Parent/Guardian

Welcome to Dental Oasis of Clayton, the office of Lindsey Williams, DDS, P.A. We appreciate the opportunity to provide for your dental needs. We do our best to provide you with superior dental and

patient care. Please read this document thoroughly and sign this page acknowledging that you have read and understand this document.

Financial Guidelines: We do a complimentary insurance benefit check for those patients who have dental insurance coverage to better understand your coverage. It is ultimately your responsibility to be aware of your own dental coverage and provide us with as much information as possible, in order to better assist you. We will accept assignment of benefits, paid directly to our office. We will estimate as closely as possible what portion your insurance will cover, but be aware that plans differ in coverage. We will collect estimated co-payments and deductibles on the day services are rendered. After 60 days, the balance on the account will be due in full from you if your insurance has not paid, as you are responsible for all payments made to your account. A finance charge may be added to your account after 90 days of no payments or accounts could be turned over to an outside collection agency. Patients without insurance are expected to pay in full by cash, check, or major credit cards the day services are rendered, unless financial agreements have been made prior to treatment beginning. For your convenience we do offer information for financing your dental visits from 2 months to 5 years. Please feel free to ask someone about this service.

Appointments: We make every effort to provide dental service in a timely manner. We understand that your time is valuable and want your visit to be as convenient as possible. In order to give you the most efficient care, we work within an appointment system and your appointment times are reserved especially for you. Our office hours are Mondays 9:30a-6p, Tuesday/Thursday 7a-4:30p, Wednesday 7a-7p and Friday 8a-2p. We make every effort to honor all time commitments and expect that patients extend the same courtesy to us. We aim to give you the time and attention you need when in our office. Please help us achieve this goal by being punctual for your appointment. If you are more than 15 minutes late for your appointment we may need to reschedule you to allow enough time for your treatment. For all operative appointments scheduled, a scheduling deposit will be required.

Cancellation Policy: I understand that if I am unable to keep my scheduled appointment for any reason, I will notify the office at least forty-eight (48) hours in advance of my scheduled appointment time. I understand that I will need to call the office and confirm my appointment within forty eight (48) hours. I understand that if I do not call the office to confirm my scheduled appointments, my appointment may be released to another patient. Please note schedule changes will be accepted only during regular office hours. I am aware that I may be charged a fee if I do not provide forty-eight (48) hours notice of cancellation or do not show up for the appointment. The fee will vary depending on the amount of time scheduled and will not be less than \$25.00. If you fail to show up for two (2) appointments, we may not be able to schedule you for any more appointments.

Insurance: We would like for all of our patients to better understand their dental insurance. The first thing to know is that dental insurance is not insurance at all. Insurance originated as, and is by definition, a *pooling of funds to pay for a rare, but catastrophic event*. Fire insurance is an excellent example. Originally, medical insurance was also designed this way. Payment for routine office visits, basic medications, and low deductibles are a relatively recent modification in medical policies to create additional employee benefits that are not true insurance but "tax-free" benefits.

At our office, we believe that you deserve the best in dental care. That is why we always present you with the best dental solution possible to treat your personal situation. Each year we provide outstanding dental care to thousands of people. Some have dental benefits, but most do not. If you have dental benefits, congratulations! You are very fortunate. Here are some important things you should know:

- ☞ Your dental benefits are based upon a contract made between your employer and insurance company. If you have any questions regarding your dental benefits please contact your employer or the insurance company directly.
- ☞ Dental benefits differ greatly from medical benefits. In 1959, most dental benefit plans had a yearly maximum cap of \$1,000 & you will be surprised to know that the average dental benefit plan today still has a yearly maximum cap of \$1,000. There has been no significant increase in the yearly maximum cap in over 40 years! However, there have been significant increases in your premiums. Dental benefit plans will never pay for completion of your dental care. It is only meant to assist YOU.
- ☞ Many people receive notification from their insurance company that dental fees are "above usual and customary". An insurance company determines their reimbursement level by surveying a geographical area, calculating the average fee, then determines that 80% of the average fee is customary. Included in the survey are discount dental clinics and managed care facilities, which have severely reduced dental fees that bring down the average. Any doctor in private practice will have fees that insurance companies define as "higher than usual and customary".
- ☞ Many dental benefit plans tell their participants that they will be covered "up to 80% or 100%" but do not clearly specify the plan fee schedule allowance, annual maximums or limitations. It is more realistic to expect dental benefits to cover between 25%-60% of dental services. Remember that the amount a plan reimburses is determined by how much your employer has paid for your dental benefit plan. You will only get back what your employer has put in, less the insurance company's profit margin.
- ☞ Insurance companies do not recognize many routine and newer dental services. Our team will gladly assist you in filling out the necessary forms to maximize your dental benefits and discuss your financial options. Excellent dental care is available with or without dental benefits. We hope you choose the best dentistry has to offer.
- ☞ Many plans try to confuse participants by giving the In-network as opposed to out-of-network benefits. After reviewing many plans, the benefits only slightly vary between in-network and out-of-network. Before deciding on going to an in-network provider of your insurance, you need to evaluate the level of treatment and patient care you will be receiving.
- ☞ Dental Oasis of Clayton only offers composite (white) fillings. We do not provide amalgam (silver/metal) fillings. Most insurance companies allow an alternative treatment or downgrade to silver amalgam fillings on molar and sometimes pre-molar teeth. If your insurance company downgrades, the difference in cost of a composite restoration & an amalgam restoration would not be paid for by the insurance company and you would be responsible for this cost. This cost is typically between \$8-\$40 per filling depending on the size of the filling and your insurance company.

If you understand and agree to the above guidelines for our office, please sign below.
